Mathletics in your School

Helping your child to love learning
and achieve more in maths

3P Learning

A place for schools and families to love learning.

What is Mathletics?

- An online maths resource that children can access with unique login details - anywhere, anytime
- Allows students to practise maths concepts taught in school and become quicker at mental maths
- Based on the new National Curriculum
- Contains problem solving activities, a concept search tool, times tables songs, games and much more

Mathletics

Mathletics statistics

- Over 5 millions users world wide
- Used in over 17,000 schools
- Over 5,000 schools in the UK use Mathletics

With figures rising every day!

3P Learning

A place for schools and families to love learning.

How is it used?

- Children can access in school and at home and practise maths concepts with fun activities
- Teachers can set homework tasks on Mathletics.
- Teachers can monitor progress through their Teacher Centre
- Children are rewarded for continued progress and participation with points, certificates and credits to spend on their avatar in the online shop

Reward structure

- **Live Mathletics:** 1 correct answer = 1 point
- **Curriculum activities:** 1 correct answer = 10 points
- **Certificates:** maximum of 1 per week

1000 points in a week = 1 **bronze certificate**

5 bronze certificates = 1 **silver certificate**

4 silver certificates = 1 **gold certificate**

Curriculum activities sorted by topic, with results indicated using Red, Amber, Green traffic light system.

Click on avatar to personalise

Pupils take control of own learning by reviewing progress here

See points gained in a day and in a week at the top

As pupils master activities they gain Gold Bars

Live Mathletics:
Play live maths games against children around the world to improve fluency and enjoy sense of competition

Times Table Toons: Fun times tables songs in a range of styles, great for memorising

Rainforest Maths: Colourful scaffolded learning environment to also practice maths concepts by year group.

How can you help?

- Encourage your child to access Mathletics three times a week, for 20 minutes each time
- Remind them to use the 'i' help button on the right to get a step-by-step walkthrough
- Explore Concept Search, Rainforest Maths and Times Tables Toons together to vary their use and keep their interest high
- Print and display certificates when they are achieved to reward your child

Next steps

- You can register for a parent account at:

www.mathletics.co.uk/parents

- This will allow you to receive weekly progress reports about your child's use of Mathletics
- If you need any help with Mathletics at home, contact your school or the Customer Support team:
